

MY WORK. CITY.

Community Energy Specialist – Two Year Term

Join our dynamic management team and assist in the strategic leadership for the City's sustainability goals. In partnership with FortisBC, you liaise with City staff, stakeholders, and the public to support actions and plans that move our community towards a low carbon energy future. Focusing on building energy use, you will use your leadership and creativity to implement the Energy Step Code Plan, develop a Community Energy Retrofit Strategy, and leverage municipal touch points to provide information and greater awareness of FortisBC programs. This position will also support other actions identified in the Community Climate Action Plan such as implementing actions from the Community Electric Vehicle & E-Bike Strategy, options for increasing local supply and demand of renewable natural gas, and researching Climate Resiliency Plans and initiatives. Knowledge of energy efficient technologies, program and policy development, and experience writing detailed reports and performing data and policy analysis will be critical.

You have five years' relevant experience and a degree in engineering, planning, natural resource management or related field. Accreditation in one of the following: Certified Energy Advisor, Certified Energy Manager, graduate degree (in public policy, sustainability, or resource management), Registered Professional Engineer, Registered Professional Planner or Sustainable Energy Management Advanced Certificate. Core competencies include; leadership, diplomacy, technical expertise, communication, decision making and risk analysis.

Help create Kelowna as a *City of the Future*. Our diverse and dynamic team strives to innovate to make things better, work as one team, serve proudly and lead responsibly. Live, work and play in one of Canada's fastest growing cities. Kelowna boasts miles of lake access, public areas and outdoor recreation opportunities, a vibrant downtown and cultural scene, healthy and connected neighbourhoods, and a world-renowned College and University. You're only a quick link to the world via the Kelowna International Airport. Grow your career in an organization that supports employee work-life balance and career and professional development. This exempt position offers a salary range of \$82,000 to \$91,000, employer-paid comprehensive benefits, an earned day off program, paid vacation and one of Canada's top pension plans.
