

UPCOMING INDUSTRY EVENTS

We have compiled a list of upcoming industry events to help you stay informed and earn valuable continuing education credits (CECs). **Each listing includes the event title, organizer, date, time, location, registration link, and assigned CACEA education credits.**

This list will be updated monthly and shared our e-News and on the CACEA's [events page](#).

If you're planning to attend or have already attended, an event that isn't listed, it doesn't mean its ineligible for CECs. Simply email us at info@caceea.ca, and we'll be happy to assist you.
